of the Business and Professions Code, relating to health

“I understand that the Medical Intuition Practitioner from whom I seek services is not a licensed physician or surgeon and that Medical Intuition is not licensed by the state, but is complimentary to healing arts services licensed by the state. I understand that an intuitive scan is not a medical or energetic treatment, and is neither diagnosing conditions nor prescribing treatments. I understand that this is not a substitute for medical or holistic advice or expertise. I understand that my medical or holistic healing team may or may not find the information provided through this intuitive scan helpful to them in diagnosing and treating me.
